### Audio

- **Volume** = room volume

- Up and down arrows increase and decrease the levels

- **Mute** button silences and engages the audio

### Lighting

The lighting panel is located on the wall near the entrance of the room.
Computer

1. Touch Laptop to display the laptop on the projector

Laptop

2. Connect VGA cable to laptop (located in the four locations on the surface of room tabletops)

3. Make sure laptop is in external display mode (Fn+F8, or equivalent)

note: Students often move desks in this room and disconnect the cables from the floor that supply VGA and network connectivity to the table ports. If you are having issues using your laptop with the projector or network, please check these floor connections before calling Pratt IT.
1. Touch **DVD/VCR** to display the room’s DVD or VCR on the projector

2. The DVD/VCR is located in the cabinet in the front of the room on the right

3. Ensure power to deck is on. If not, press power button on deck

4. Put DVD or VHS media in deck

5. DVD and VCR can be controlled by buttons on the Crestron screen
System: Power Off

1. Press the **EXIT** button

2. Press the **Yes** button to shut down the system

3. Questions or problems with the classroom technology in this room? Contact Pratt IT. We can only help if we know.
